

GREATEST ACCOMPLISHMENTS

A High School drop-out who earned his GED while in the US Army stationed in Verdun, France.

After earning a BSBA from Bryant University with a major in Management and a Minor in Economics later moving on to Providence College to study in the MBA program for Industrial Management.

Although no degree was awarded from the MBA program the experience further kindled the desire for Entrepreneurship.

In 1980 I started a jewelry distribution business which grew into an international jewelry business importing and outsourcing products and distributing those products throughout the US and the Caribbean.

After twenty-seven years of successful operation, I sold Stephanie Industries.

I now have over thirty years experience as an Entrepreneur with experiences in Management and Marketing.

DREAMS BECOME A REALITY

IF YOU BELIEVE!
